PERSONAL PROFILE:

Junior Software Developer with hands-on experience building full-stack web applications using JavaScript, React.js, Node.js, Express.js, SQL, HTML, and CSS. Experienced in developing responsive user interfaces, RESTful APIs, workflow automation, and troubleshooting technical issues through academic projects and internships. Recognized for strong problem-solving abilities, adaptability, and collaboration within Agile and team-based environments.

SUMMARY OF QUALIFICATIONS

- Hands-on experience developing full-stack web applications using JavaScript, React.js, Node.js, Express.js, SQL, HTML, and CSS.
- Experience building and testing RESTful APIs, troubleshooting technical issues, and supporting backend functionality through academic projects and internships.
- Strong understanding of frontend development concepts, responsive design, database relationships, and software development best practices.
- Proven ability to collaborate within team environments, learn new technologies quickly, and contribute to Agile development projects.

TECHNICAL SKILLS

Languages: JavaScript, SQL, Python, C#, HTML, CSS

Frameworks & Libraries: React.js, Node.js, Express.js, .NET

Tools & Platforms: GitHub, Git, Postman, Jira, VS Code, Azure, Notion, Android Studio, Ubuntu/Linux

Concepts: RESTful APIs, Database Design, System Design, Agile Development, Workflow Automation

EDUCATION AND TRAINING

Diploma in Software Engineering Technician
Centennial College, Toronto, ON

Sept 2024- Aug 2026

Certificate in Pre-Health Science
Durham College, Oshawa, ON

Sept 2019-April 2020

WORK EXPERIENCE

Operational Systems & Automation Intern
FoundHer Space, Remote

Dec 2025-Jan 2026

- Designed and implemented automated workflows to streamline onboarding and resource delivery, reducing manual steps and improving overall process efficiency for users.
- Mapped end-to-end user journeys and translated them into structured, logic-based systems to ensure consistent and reliable user experiences across different stages.
- Configured segmented email triggers and automation sequences based on user inputs, improving communication flow and delivering more personalized and timely content.

LinkedIn: www.linkedin.com/in/alekah-seivwright

GitHub: <https://github.com/alekahseivwright>

- Created detailed SOP documentation to support scalable, repeatable workflows, ensuring processes could be easily maintained and extended by other team members.
- Performed testing and validation of automation logic and triggers, identifying and resolving issues to improve system accuracy, reliability, and overall performance.

IT Support Assistant

Feb 2024-April 2024

Woodgreen Community Services

- Configured and deployed 10–15 laptops per shift, ensuring devices were accurately prepared, tested, and ready for staff use within operational timelines.
- Resolved hardware and basic system issues independently with minimal supervision, improving device readiness and reducing delays in staff equipment access.
- Strengthened inventory tracking and device organization processes, improving equipment distribution, turnaround time, and visibility of available technology assets.
- Supported high-volume IT setup requests in a fast-paced environment while maintaining attention to detail, organization, and consistent service quality.
- Applied troubleshooting, prioritization, and problem-solving skills to support reliable technology operations across staff device deployments.

Floor Leader

Nov 2021-Oct 2022

Lush Handmade Cosmetics, Etobicoke, ON

- Successfully promoted to Full-Time permanent after three months with Lush Handmade Cosmetics.
- Successfully multi-tasked by supervising staff and developing strategies for achieving daily targets while ensuring every visitor felt welcome and had a memorable experience.
- Ensured to connect all brand values when selling products on the sales floor, to show passion and importance on how the company continues to give back to the community and uphold ethical standards.
- Supported management with operational tasks, such as opening and closing the shop, ensuring the needs of staff and customers were met on days off, effectively handling any conflict between staff and customers, inventory, and growth and development.
